2025

Tamarack Membership | 2025

Next year will be an exciting year for Tamarack members!

In 2025, we will continue to advance Tamarack's [2030 Plan](#), build changemaker capacity, and shift policies and systems with our [Networks for Change](#) (Communities Building Belonging, Communities Building Youth Futures, Community Climate Transitions, and Communities Ending Poverty).

One way that we will better support members next year is through single membership. With one membership fee, members will gain access to supports, resources, and tools across all four Networks for Change. Single membership will allow members to access a wider range of benefits than ever before.

Tamarack is making this change because we recognize that belonging, youth futures, climate transitions, and poverty are experienced intersectionally and must therefore be responded to in the same way.

Two tiers of membership will be available: **Everything** and **Essentials**. Members will be able to choose which benefit package best meets their needs.

- The **Everything** tier is for those who want to deeply and actively engage with Tamarack's networks and learning opportunities, including access to coaching and cohorts.
- The **Essentials** tier is for those who want to take a more independent learning approach, accessing Tamarack's wide range of tools and resources on demand.

We are proud to continue barrier-free access to both membership tiers through sliding scale pricing.

Whether you are exploring membership for the first time or are a returning partner, Tamarack membership can help you achieve your goals for 2025 and beyond. We look forward to discussing your needs and exploring how Tamarack membership can help meet them.

Membership Overview

	Everything	Essentials
Who It Is For:	Everything-tier members want to deeply engage with Networks for Change, actively advancing a learning journey to accomplish goals through coaching, cohorts, and policy advocacy. This tier includes all Essential benefits.	Essentials-tier members are looking to explore the essentials of Tamarack's offerings plus additional learning opportunities while they get to know the Networks for Change.

Benefit Details

In 2025, Tamarack membership benefits will include:

Peer Learning and Networking

- Complimentary seat(s) to EngageFest!, Tamarack's annual learning festival, with opportunities to network and collaborate with peers.
- Two free seats and member pricing to access Tamarack's online courses.
- A \$50 discount on additional Tamarack skill-building workshops and courses.
- Participation in professional members-only Communities of Practice (CoP) on topics such as building belonging, the community's role in well-being and Basic Income. See a full list of CoPs currently offered [here](#).
- Invitations to public and private webinars featuring innovative and emerging ideas and experiences around issues that members care deeply about.
- Direct updates on the latest news, events, stories, tools, and guides created through Tamarack's network.

Tailored Capacity Building

- Connection to a Manager of Communities as a one-on-one primary point of contact who will help you navigate connections and resources that can help you reach your goals.
- One-on-one coaching with Tamarack's Consulting Directors who will share their deep knowledge and experience across a range of skills, including: *
 - o Community Engagement
 - o Collaboration and Collective Impact
 - o Community Innovation
 - o Collaborative Governance and Championship
 - o Asset-Based Community Development
 - o Evaluating Community Impact
 - o Equity, Diversity, and Inclusion

* Everything tier only.

- Opportunities to join cohorts that leverage coaching and peer learning across small teams of communities who learn and work together in building skills, supporting local progress, and contributing to shared goals. *

Movement Building

- Being part of a national movement for place-based change that reinforces the need to work collaboratively to end poverty, build youth futures, build belonging, and create just climate transitions – both within communities and across governments.
- Opportunities to co-create learning resources and/or promote your community's impact via Tamarack's vast communication, publication, and media channels.
- Contributing to Tamarack's national policy agenda as you work alongside regional, provincial, territorial, and national governments to advance systems change.

Members will enjoy access to these benefits for the duration of the 2025 calendar year (January – December).

Whether you are exploring membership for the first time or are a returning partner, Tamarack membership can help you achieve your goals for 2025 and beyond. We look forward to discussing your needs and exploring how Tamarack membership can help meet them.

Please reach out to tamarack@tamarackcommunity.ca with any questions about our 2025 membership package.

We look forward to helping you figure out which benefit package will best meet your needs.

* Everything tier only.
