## A NON-CONFERENCE CONFERENCE

Comm&unity 2018 will be a 'non-conference' conference. We'll be learning and thinking together with residents, changemakers and council staff active in 3 different communities in Haifa.

We are working hard to make Comm&unity 2018 a unique action-learning experience, run by changemakers for changemakers from around the world. Whether you are a field worker, researcher, manager or evaluator, this is the conference in 2018 for you! We hope you'll join us!

Comm&unity 2018 days will be quite long but we're making sure that there will be a mix of learning, doing and fun. Also, there will be time each day, to 'dip out', so you can stay connected with the rest of your life whilst you're at Comm&unity 2018.

## REGISTRATION

When you register you'll be asked to select your first and second choice. When you join a track, you'll meet up with others who want to explore that specific aspect of community change in some depth.

## FEES

900 NIS for Israeli residents. 500 USD for those overseas. See the website for more details.

## ACCOMMODATION

There's a wide range of accommodation types. Tell us what you're looking for when you complete the registration form.

## CHOOSE YOUR THEME

- Social Activism
- Multi-culturalism
- Arts, Culture & Young People

Each track in Comm&unity 2018 will be based in a neighborhood of Haifa that is in the process of community change. The characteristics, demographics, issues and challenges of each neighborhood are different. In each track, you will engage with residents, activists, municipality and NGO staff involved in shaping that community, with a focus on the specific theme of your group. Of course, there will be parts of each day where we are all together and share insights from each track.

## DATES & LOCATION

**JUNE 19-22 2018, Haifa, Israel.** Haifa is one of Israel's largest coastal cities. It is home to mixed populations of Jews and Arabs and is a city undergoing much economic and social change.

## ABOUT US

The Global Roundtable 4 Community Change was established in 2011 by a group of changemakers who saw the need and value of sharing insights, tools and approaches to community change from across the globe. This is our 3rd international gathering.

The guiding principles and people who are active in making the conference relevant for today's challenges are listed on the About Us page on the website <https://grt4cc.com/about-us/>.

## WANT TO KNOW MORE?

Email us on [grt4cc@gmail.com](mailto:grt4cc@gmail.com) we'll be pleased to tell you more. See the conference website: [www.grt4cc.com](http://www.grt4cc.com).

The conference is hosted by Oranim Accademic College & the municipality of Haifa.
