## HOST A LOCAL DEEPENING COMMUNITY INITIATIVE

Each year Tamarack is committed to working with 5 communities who are interested in leading local Deepening Community Initiative projects. This work is part of Tamarack's commitment to build a **national movement of community developers** interested in deepening a collective understanding of the power and possibility of community.

Your Neighbourhood will work with Tamarack to adapt our proven framework and resources to their unique context. The insights from local projects will contribute to Tamarack's national research exploring the power, possibility and impact of deepening community in Canada.
