

<b>Instructions</b>					
<p>This self assessment tool is designed to be used periodically (every six months) by a leadership structure (e.g., collaborative, coalition, working group, collective impact backbone, and other community change groups). This two page assessment should first be completed by individual members, then discussed as a group. If a group leader wishes to collect, aggregate, and average the scores, it will give members a better sense of how the group views its progress. If responses are collected and used in this way, members should be informed in advance and given the opportunity to respond anonymously. Group discussion of the open-ended questions is designed to generate ideas for improvement. If you desire or need an outside and objective facilitator for the discussion, please contact Tom Klaus, PhD at <a href="mailto:twklaus@tenaciouschange.us">twklaus@tenaciouschange.us</a> or call 240-319-8525.</p>
